Throttle Body Anodize Request (Billet Only): **(I understand this adds an additional $150 and lead time to my order.) Initial: _____**

Qty.	Anodize Color: (Cannot Anodize Cast Throttle Bodies, Only Billet Throttle Bodies)	Price $
		+$150.00

*Please Note: All stock cores being shipped in must be in working order and stripped of all gaskets and mounting hardware (fuel rail, map sensor, and injectors) or there will be a $50 disassembly fee. Be sure to package cores securely, wrapping core in bubble or other protective materials so plastic side cover pieces, etc. are not damaged. The electronics and side covers are reused. Any damaged units will be returned as received. Milwaukee 8® cores do not require the manifold to be sent in, just the stock throttle body portion. Do not remove any internal electronics.

* **Ship to: Horsepower Inc. Attn: Kyle 57 Gasoline Alley, Suite A Indianapolis, IN 46222 (317) 757-8668.**
